T. RAY AND THE SHADES LIVE ALBUM RELEASED

July 1, 2006

Portland, OR-- Blues band T. Ray and the Shades have released their debut album, "Live at Wild Winds" on the independent Burn One label. The live recording captures an inspired performance at Wild Winds Bar in Stevenson, Washington on Saint Patrick's Day 2006.

T. Ray and the Shades play spirited, bluesy music with a timeless feel. The band's lineup features female lead vocals backed by keyboards, saxophone, guitar, bass and drums. The Wild Winds set showcases the group's many talents. "I was having such a great time that night," recalls T. Ray Murray, the band's leading lady. "I think it really comes through in the music." The CD was produced, mixed and mastered by Burn One Studios and features St. Patrick's Day themed album art by Basementia Design.

"Live at Wild Winds" is available through the band's website, www.trayandtheshades.com. You can also buy it directly from the band, at their shows or through the mail. CD's cost just ten dollars, plus \$2.50 shipping for mail orders. Contact Matt Murray at 503-704-6810, or send correspondence to:
